Quotes from one of the Getting Ahead in a Just-Gettin'-By World classes:

"I have been empowered as a person and as a woman by our Getting Ahead classes. I loved having a place to go where it was OK to be vulnerable and where I was valued. After many years of unemployment, our facilitator helped me get my first job and it felt so good to be working again and earning money to support my family. I now work almost every day at several jobs that I really enjoy and the people I work for seem very happy with me. I am so grateful for the unconditional and non-judgmental relationship."
